Essential Line

Aloe Vera Gel

200ml / 500ml

 DESCRIPTION

Our gel contains 100 per cent aloe vera, which has antibacterial, healing and soothing properties.

 TREATMENT AREA

Face and body.

 RECOMMENDED FOR

After the sun, after waxing, after laser treatment.

 ACTIVE INGREDIENTS

Aloe Barbadensis Leaf Juice.

Biphasic Pro

200ml

 DESCRIPTION

Biphasic Pro is an exceptional gentle make-up remover for the eyes and lips. This formulated solution is enriched with natural ingredients that make it suitable for all skin types. It gently removes dirt, pollutants and waterproof make-up, and is especially gentle on the eye and lip contours.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

All skin types.

 ACTIVE INGREDIENTS

Panthenol, Allantoin, Glycerin, Centella Asiatica Extract, Tocopherol Acetate

Essential Line

Cleansing Foam Solution

200ml

 DESCRIPTION

Foaming facial cleanser that respects the skin's natural balance, preserving its optimum level of hydration.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Balances the skin's pH, soothes the skin.

 ACTIVE INGREDIENTS

Citrustem™, Orange Water, Niacinamide.

Cleansing Milk Solution

200ml / 500ml

 DESCRIPTION

It cleanses the skin, eliminating all signs of pollution and make-up while maintaining its natural balance. The skin is smoother, firmer and brighter due to the protective, regenerating and moisturising actions of the substances.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Highly recommended for normal, dry and sensitive skin.

 ACTIVE INGREDIENTS

Lactic acid, Butyrospermum Parkii Butter (Karaté butter), Sodium Hyaluronate, Niacinamide.

Essential Line

Facial Tonic Exfoliator

200ml / 500ml

 DESCRIPTION

Our Exfoliating Facial Toner not only rebalances the skin's pH, it also provides a superficial exfoliation, removing the first layer of skin, cleaning it deeply and removing excess sebum and the skin's natural dirt. It has a wonderful feeling of freshness and softness.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

All skin types, sensitive and reactive skin.

 ACTIVE INGREDIENTS

Aloe Barbadensis Extract, Allantoin, Vitamin B3, Salicylic Acid.

Tonic Lotion Solution

200ml / 500ml

 DESCRIPTION

It is preferable to finish cleansing your face every day. Its compounds minimise pore size while toning, releasing, softening and moisturising the skin. Its components eliminate make-up residue, skin pollutants and excess oil thanks to their antioxidant and regenerating properties. Skin is left soft, toned and fresh.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Balances the skin's pH, soothes the skin.

 ACTIVE INGREDIENTS

Aloe Barbadensis Extract, Rosa Gallica Extract, Chamomilla, Citrus sinensis.

Facial Line

Antiaging Cream

50ml

 DESCRIPTION

Combines anti-ageing, regenerating, antioxidant, moisturising and nourishing components. Protects and restores the skin from the effects of time, smoothing out wrinkles and expression lines. Energises the skin, giving it a firm and radiant appearance.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Anti-aging, wrinkles.

 ACTIVE INGREDIENTS

Sodium Hyaluronate, Lactic Acid, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Allantoin, Glycerin.

Arbutin Cream

50ml

 DESCRIPTION

Arbutin Cream is a depigmenting cream that helps reduce the appearance of skin imperfections, resulting in a more even, lighter skin tone. It helps protect the skin from UV-induced abrasions. It is an excellent at-home care product and a maintenance cream to enhance any depigmentation therapy.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

All skin types, hyperpigmentation, pimples and dark spots.

 ACTIVE INGREDIENTS

Alpha-Arbutin, Hyaluronic Acid and Allantoin.

Facial Line

Eye Cream

15ml

 DESCRIPTION

A powerful eye cream designed for the entire eye contour area, capable of penetrating to the deepest layers of the skin, resulting in a unique radiance.

 TREATMENT AREA

Eyes.

 RECOMMENDED FOR

Improves microcirculation, stimulates collagen and fibroblast production.

 ACTIVE INGREDIENTS

Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Acetyl Hexapeptide-8, Sodium Hyaluronate.

Glutathione Cream

50ml

 DESCRIPTION

It's a powerful and effective cream that brightens and whitens the skin to help lighten dark skin. It also helps regenerate damaged skin, delays the appearance of blemishes and gives the skin a younger, healthier look.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Photoaging, acne scars, mature skin, skin hyperpigmentation.

 ACTIVE INGREDIENTS

Glutathione, Aspergillus Ferment, Actinidia Chinensis (Kiwi) Fruit Water, Centella Asiatica Extract, Sophora Flavescens Root Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Allantoin.

Facial Line

Golden Cream

50ml

 DESCRIPTION

Our Golden Cream, which contains gold particles, offers the highest level of moisturisation and regeneration for the skin, giving it a more youthful appearance with a golden glow.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Mature skin, sagging skin.

 ACTIVE INGREDIENTS

Aloe Barbedensis Leaf Extract, Hydrolyzed Soy Protein, Laureth-7, Acetyl Hexapeptide-8, Tocopheryl Acetate, Gold.

Hyal-4 Cream

50ml

 DESCRIPTION

HYAL-4 Hyaluronic acid cream that stimulates the production of collagen and the body's own hyaluronic acid, penetrating the skin quickly and effectively. Moisturises the skin and improves its barrier function, improves the size and number of dermal papillae, promotes peeling and helps the skin's microbiota.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Ageing, damaged skin, deep wrinkles.

 ACTIVE INGREDIENTS

4 types Sodium Hyaluronate (Polymerized, Standard, Hydrolyzed and Acetylated), Niacinamide, Beta-Glucan, Allantoin, Guaiazulene, Acemilla Oleracea Extract.

Facial Line

Lumin C

50ml

DESCRIPTION

It is the result of the synergy of 4 Hyaluronic Acids that cover the entire spectrum of molecular weights and Vitamin C which helps the skin stay moisturised while maintaining a healthy, luminous, firm and elastic appearance.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

It helps the skin stay moisturised while maintaining a healthy, glowing, firm and supple appearance.

ACTIVE INGREDIENTS

Sodium Hyaluronate, Hydrolyzed Glycosaminoglycans, Beta-Glucan, Acemilla Oleracea Extract, Ascorbic Acid, Allantoin, Tocopherol (vitamin E).

Moisturizing Cream

50ml

DESCRIPTION

Designed to give skin greater elasticity, firmness and smoothness, this cream is a powerful elixir for restoring optimum levels of hydration while fighting free radicals. Strengthened with a sun protection factor of 15, it provides an additional layer of defence against the harmful effects of UV rays, ensuring comprehensive care and safeguarding the skin's vitality.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

All skin types, dehydrated skin. It has a calming effect.

ACTIVE INGREDIENTS

Mimosa Tenuiflora Leaf Extract, Retinyl Palmitate, Glycerin, Serine, Tocopheryl Acetate.

Facial Line

Probiotic Cream

50ml

DESCRIPTION

Protects the skin from the dangerous environmental aggressions that occur every day, such as UV rays and free radicals. Moisturises and softens the face, protecting it from all these aggressions.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Skin exposed to pollution in urban environments and marked climatic variations.

ACTIVE INGREDIENTS

Alteromonas Ferment Extract, Sodium Hyaluronate, Beta-Glucan, Allantoin, Persea Gratissima (Avocado), Glycerin, Yogurt Powder.

Purifying Complex

50ml

DESCRIPTION

By brightening and smoothing the skin and improving its texture, it favours cell regeneration. Glycolic acid, one of its constituents, favours the elimination of dead cells and stimulates cell metabolism, allowing for rapid skin rejuvenation. It is recommended for excessive sebum production and actinic hyperkeratosis.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Oily skin, combination skin, skin with acne.

ACTIVE INGREDIENTS

Lactic Acid, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Allantoin, Dimethicone, Sodium Hyaluronate, Glycerin, Urea.

Facial Line

Redness Cream

50ml

DESCRIPTION

A gentle and effective cream for sensitive and irritated skin, ideal for soothing and helping with post-peeling regeneration. It provides immediate relief, reducing redness and discomfort, while deeply moisturising sensitive skin. Our special formula is designed to gently care for the skin, making it an essential ally in your skincare routine.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Sensitive skin.

ACTIVE INGREDIENTS

Cupressus Sempervirens Seed Extract, Ferulic Acid, Arnica Montana Flower Extract, Polygonatum Fruit Extract, Camellia Sinensis Leaf Extract, Rosemary Leaf Extract, Tocopherol (Vitamin E).

Regenerative Cream

50ml

DESCRIPTION

O Creme Regenerativo actua como um formidável promotor da proliferação celular, estimulando eficazmente o processo de recuperação da pele irritada ou danificada. Enriquecido com uma seleção meticulosa de ingredientes activos, promove diligentemente uma hidratação e nutrição óptimas da pele, orquestrando assim um processo de regeneração.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

All skin types, sensitive and damaged skin.

ACTIVE INGREDIENTS

Aloe Barbadensis Extract, Hydrolyzed Soy Protein, Apricot Kernel, Oil Peg-6 Esters, Mimosa Tenuiflora Leaf, Extract.

Facial Line

SKD Melano Cream

30ml

 DESCRIPTION

The active compounds in SKD Melano act as an antioxidant, protector and a skin lightening and blemish-reducing agent, which help to fade skin blemishes. Highly moisturised skin is smoother and firmer as a result.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Dark spots, melasma, acne scars.

 ACTIVE INGREDIENTS

Kojic Acid, Salicylic Acid, Azelaic Acid, Phytic Acid, Ascorbic Acid, Niacinamide, Alpha-arbutin, Retinyl Palmitate, Tocopheryl Acetate.

SKD Melano Mask

15ml

 DESCRIPTION

This is the flagship product of the SKD Melano Pack, designed to reduce and eliminate melanin-related spots. It effectively evens out skin tone, producing excellent results without the need for surgery or adverse side effects. For professional use only.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Melasma and hyperpigmentation (professional use).

 ACTIVE INGREDIENTS

Salicylic acid, Phytic Acid, Citric Acid, Lactic Acid, Azelaic Acid, Kojic Acid, Peg-6 esters of apricot kernel oil,

Facial Line

Visible Difference Cream

50ml

 DESCRIPTION

It has been specifically formulated to treat oil imbalances, reduce shine, mattify and visibly even out skin tone, while providing advanced regenerative properties. Suitable for all skin types, it offers advanced anti-ageing benefits and intensive hydration.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Mature skin, Deep wrinkles, Lifting effect.

 ACTIVE INGREDIENTS

Ceteareth-20, Ceteareth-12, Sodium PCA, Cetyl Palmitate, Helianthus Annuus Seed Oil.

Facial serums

Hyal-4 Serum

30ml

 DESCRIPTION

HYAL-4 Hyaluronic acid serum is a cutting-edge formula that stimulates the body's own production of collagen and hyaluronic acid, quickly penetrating the skin for effective moisturisation and improved barrier function. It improves dermal papillae, promotes peeling and supports the skin's microbiome. The highly active hyaluronic acid molecules reach the deep layers.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Aging, damaged and dry skin, deep wrinkles.

 ACTIVE INGREDIENTS

4 Hyaluronic Acids (Polymerized, Standard, Hydrolyzed and Acetylated), Sodium PCA, Trehalose, Allantoin, Glucose.

Facial serums

Lumin C Serum

30ml

 DESCRIPTION

LUMIN C serum is the result of the synergy of 4 Hyaluronic Acids that cover the entire spectrum of molecular weights and Vitamin C that helps the skin to stay moisturised, maintaining a healthy, luminous, firm and elastic appearance. All this is enriched with sweet orange water, which provides energy and vitality to the skin, reaffirming it and giving it elasticity.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Aging and dry skin.

 ACTIVE INGREDIENTS

4 Hyaluronic Acids (Polymerized, Standard, Hydrolyzed and Acetylated), Vitamin C (Ascorbic Acid), Polypropylene-diol-4 Acemella Oleracea Extract.

Visible Difference Serum

30ml

 DESCRIPTION

Linha de produtos concebida para equilibrar o excesso de oleosidade, reduzir o brilho, matificar e uniformizar visivelmente a pele, e altamente regeneradora. Adequado para todos os tipos de pele, com efeito anti-envelhecimento e hidratação avançada.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Serum designed to reduce wrinkles and increase radiance.

 ACTIVE INGREDIENTS

Retinol, Vitamin C, Acerola Extract and Vitamins.

Facial Line

PDRN Serum

30ml

DESCRIPTION

A super-concentrated serum formulated with polynucleotides and PDRN (Polydeoxyribonucleotide) derived from the synthetic DNA of salmon, combined with high-performance hyaluronic acid. This advanced formulation promotes cellular regeneration, enhances tissue repair, deeply hydrates, and supports skin elasticity and overall rejuvenation.

TREATMENT AREA

Face.

RECOMMENDED FOR

All skin types, especially with visible symptoms of aging that occur with lack of hydration.

ACTIVE INGREDIENTS

Sodium DNA
Sodium Hyaluronate

Exo-Whitening

50ml

DESCRIPTION

Super-concentrated cream with 100% plant-based and bacterial exosomes, which treat skin discolouration and enhance skin whitening and improve oxidation. Enhanced with 4 types of light hyaluronic acid.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

All skin types, especially those with colour alterations due to hyperpigmentation.

ACTIVE INGREDIENTS

Galactomyces, Lactobacillus extracellular vesicle, Niacinamide, Tranexamic acid, Malic acid, Vitamin

Facial Line

Facial serums

Exo-Ageless

50ml

DESCRIPTION

Super-concentrated cream with 100% plant-based and bacterial exosomes, anti-ageing and rejuvenation enhancers, boosted with 4 types of denser hyaluronic acid.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

All skin types, especially those showing signs

ACTIVE INGREDIENTS

Galactomyces, extracellular Lactobacillus visicle, extracellular visicle, phospholipids, watermelon extract, grapefruit extract, epidermal growth factors, hyaluronic acid.

Peptide Line

Peptide Pack

DESCRIPTION

Our exclusive treatment package has been carefully created with a special selection of peptides known for their powerful anti-ageing, lifting and moisturising effects. It's a holistic approach to fighting the signs of skin ageing, including wrinkles, sagging and lack of hydration. The selected peptides contained in these products work synergistically to stimulate the production of collagen and elastin, thus promoting firmer, more toned skin. In addition, the moisturising ingredients in this pack help to restore moisture to the skin, leaving it soft, smooth and radiant. With visible and long-lasting results, the Peptides Pack offers a complete solution for those looking for younger, firmer and brighter skin, without the need for invasive procedures.

(1) Peptide Cream, (1) Peptide Serum, (1) Eyessence Booster, (5) Argireline Ampoules.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature skin, lifting and brightening effect, moisturising.

Peptide Line

Peptide Booster Cream

50ml

DESCRIPTION

A powerful peptide-based skincare cream designed to treat a variety of skin problems, including wrinkles, fine lines and loss of elasticity. Formulated with a unique blend of peptides and other active ingredients, this cream penetrates deep into the skin to provide intensive moisturisation and promote collagen production.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Deep wrinkles, damaged and mature skin.

ACTIVE INGREDIENTS

Sodium Hyaluronate, Chamomilla Recutita Extract, Acetyl Octapeptide-3, Hexapeptide-10, Glycerin, Simmondsia Chinensis Seed Oil.

Peptide Booster Serum

30ml

DESCRIPTION

An advanced serum infused with a unique blend of peptides, designed to treat various skin problems, including wrinkles, fine lines and decreased elasticity. Formulated with a special combination of peptides and potent active ingredients, this serum penetrates deep into the skin, providing deep hydration and triggering collagen synthesis.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Deep wrinkles, damaged and mature skin.

ACTIVE INGREDIENTS

Sodium Hyaluronate, Palmitoyl Tripeptide-1, Palmitoyl Tripeptide-5, Palmitoyl Tetrapeptide-7.

Peptide Line

Eyessence Booster

15ml

DESCRIPTION

A potent eye serum crafted to target the entire area around the eyes, capable of deeply penetrating the skin's layers for a distinctive radiance. Formulated with an exclusive complex and peptide technology, along with key active ingredients like hyaluronic acid, this serum effectively fights the signs of aging by reducing wrinkles and expression lines.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature skin, sagging skin.

ACTIVE INGREDIENTS

Sodium Hyaluronate, Acetyl Hexapeptide-8, Caprylyl Glycol.

Solar Line

SPF Protector 50+

50ml

 DESCRIPTION

A broad-spectrum sunscreen that combines high-quality active ingredients with mineral filters to block UVB and UVA rays. It also has antioxidant and moisturising agents that provide extreme protection, preventing cell oxidation and increasing skin hydration.

 **TREATMENT AREA**
Face and body.

 **RECOMMENDED FOR**
Sun protection.

 ACTIVE INGREDIENTS

Diethylamino Hydroxybenzoyl Hexyl Benzoate, Ethylhexyl Methoxycinnamate, Butyl Octyl Salicylate, Ethylhexyl Salicylate, Ethylhexyl Triazone, Bis-Ethylhexyloxyphenol Methoxyphenyl Triazine, Allantoin, Mimosa Tenuiflora Leaf Extract, Tocopheryl Acetate

SPF Protector 50+ Color

50ml

 DESCRIPTION

SPF Colour is made with a state-of-the-art formula. This technology is highly effective due to its mineral filters, which strongly protect the skin and, due to its antioxidant component, inhibit the action of free radicals. Its colour pigments prevent white spots, providing a beautiful even finish with a touch of colour.

 **TREATMENT AREA**
Face and body.

 **RECOMMENDED FOR**
Sun protection.

 ACTIVE INGREDIENTS

Diethylamino Hydroxybenzoyl Hexyl Benzoate, Ethylhexyl Methoxycinnamate, Butyl Octyl Salicylate, Ethylhexyl Salicylate, Ethylhexyl Triazone, Bis-Ethylhexyloxyphenol Methoxyphenyl Triazine, Allantoin, Mimosa Tenuiflora Leaf Extract, Tocopheryl Acetate.

Solar Line

SPF Protector 50+ Oil Free

50ml/150ml

 DESCRIPTION

An effective barrier cream designed for daily skin care and for use after cosmetic treatments. It offers the best protection against UVA/UVB damage and a surprisingly light touch. Its formula is designed to leave a thick layer on the skin that repels perspiration.

 **TREATMENT AREA**
Face and body.

 **RECOMMENDED FOR**
Sun protection.

 ACTIVE INGREDIENTS

ethylhexyl Methoxycinnamate, Butyl Methoxydibenzoylmethane, Octocrylene, Sodium Hyaluronate, Chamomilla Recutita (Chamomile) Extract, Lactic Acid, Bisabolol, Glycine Soya Protein (Soybean), Superoxide Dismutase, Tocopheryl Acetate.

SPF Protector 50+ Oil Free

50ml/150ml

 DESCRIPTION

An effective barrier cream designed for daily skin care and for use after cosmetic treatments. It offers the best protection against UVA/UVB damage and a surprisingly light touch. Its formula is designed to leave a thick layer on the skin that repels perspiration.

 **TREATMENT AREA**
Face and body.

 **RECOMMENDED FOR**
Sun protection.

 ACTIVE INGREDIENTS

ethylhexyl Methoxycinnamate, Butyl Methoxydibenzoylmethane, Octocrylene, Sodium Hyaluronate, Chamomilla Recutita (Chamomile) Extract, Lactic Acid, Bisabolol, Glycine Soya Protein (Soybean), Superoxide Dismutase, Tocopheryl Acetate.

Solar Line

SPF Protector 50+ Vitamin C

50ml

 DESCRIPTION

A high-performance sunscreen with liposomal UV filters offering broad-spectrum protection (UVA, UVB, IR, HEV). Enriched with Vitamin C for antioxidant defense, collagen support, and prevention of photoaging, dark spots, and dullness. The liposomal system boosts stability, absorption, and long-lasting protection.

 **TREATMENT AREA**
Face and body.

 **RECOMMENDED FOR**
Sun protection.

 ACTIVE INGREDIENTS

State-of-the-art liposomal sunscreens, free from petroleum derivatives, Vitamin C, Mimosa extract

Masks

Aloe Vera30 ml

DESCRIPTION

SKINDERMA's Aloe Vera Mask is a moisturising, nourishing and emollient mask that helps skin cells regenerate and heal. It is immediately absorbed by the dermis after application.

TREATMENT AREA
Face and neck.

RECOMMENDED FOR
All skin types.

ACTIVE INGREDIENTS
Aloe Vera, Marine Collagen, Sodium Hyaluronate.

Antarcticine30ml

DESCRIPTION

Meticulously crafted, ANTARCTICINE masks provide nourishment and care, improving skin texture and promoting a smoother, softer complexion. Derived from Antarctic marine bacteria, Pseudoalteromonas Yeast Extract helps regenerate and moisturise the skin, giving it a youthful appearance.

TREATMENT AREA
Face and neck.

RECOMMENDED FOR
Scars, mature skin and dehydrated skin.

ACTIVE INGREDIENTS
Antartacine, Aesculus Hippocas- tanum Extract , Sodium Hyaluronate, Sodium Hydroxide.

Masks

Argireline30ml

DESCRIPTION

The Argireline Mask helps prevent and eliminate wrinkles and expression lines, while providing a feeling of freshness and refreshment. It works like a natural, non-invasive Botox, favouring skin firmness and radiance.

TREATMENT AREA
Face and neck.

RECOMMENDED FOR
Damaged and mature skin.

ACTIVE INGREDIENTS
Marine Collagen, Acetyl Hexapeptide-8, Acetyl Hexapeptide-30 Sodium Hyaluronate.

Collagen30ml

DESCRIPTION

The active ingredients in the Collagen Mask, such as Hyaluronic Acid and Hexapeptide-8, provide moisturising properties that make the skin less reactive. It also reinforces the natural production of elastin.

TREATMENT AREA
Face and neck.

RECOMMENDED FOR
Mature skin, deep wrinkles and dehydrated skin.

ACTIVE INGREDIENTS
Ginkgo Biloba Leaf Extract, Aesculus Hippocastanum Extract , Sodium Hyaluronate.

Masks

Panthenol30ml

DESCRIPTION

SKINDERMA's Panthenol Facial Masks, enriched with the powerful and moisturising Panthenol (Provitamin B5), deeply moisturise and create a protective barrier, promoting a supple complexion. In addition to superficial care, they provide intensive moisturisation and repair, ideal for restoring natural radiance and calming sensitive skin.

TREATMENT AREA
Face and neck.

RECOMMENDED FOR
Moisturising, anti-inflammatory, soothing, restores the skin.

ACTIVE INGREDIENTS
Panthenol, Polvinylpyrrolidone, Xanthan Gum.

Peptide Booster30ml

DESCRIPTION

Our PEPTIDE Masks, with a potent blend of Acetyl Hexapeptide-8, Acetyl Tetrapeptide-5, Palmitoyl Tripeptide-1 and Palmitoyl Tetrapeptide-7. Carefully crafted, these masks target various aspects of skin health, reducing fine lines and wrinkles, diminishing puffiness and dark circles, stimulating collagen production for greater elasticity and calming inflammation.

TREATMENT AREA
Face and neck.

RECOMMENDED FOR
Deep wrinkles and lifting effect.

ACTIVE INGREDIENTS
Butylene Glycol, Acetyl Hexapeptide-8, Caprylyl Glycol, Acetyl Tetrapeptide-5, Polysorbate 20, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7.

Masks

Regenerative

30ml

 DESCRIPTION

SKINDERMA Regenerative Masks, a careful and powerful combination of Glycerin, Avena Sativa Extract (Oats), Calendula Officinalis Flower Extract, Laureth-9 and Panthenol. Designed to renew the skin, our masks offer a transformative experience. Glycerin retains moisture for supple skin, while oat kernel extract soothes and nourishes.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Imperfections and mature skin.

 ACTIVE INGREDIENTS

Glycerin, Avena Sativa (Oat) Kernel Extract, Calendula Officinalis Flower Extract, Laureth-9, Panthenol.

Vitamin C

30ml

 DESCRIPTION

The Vitamin C Mask has been formulated to give the skin total luminosity and a glowing appearance, while preventing photo-ageing and protecting the skin from external aggressors.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Damaged and mature skin. Hyperpigmentation skin disorders.

 ACTIVE INGREDIENTS

CvitaMarine Collagen, Acetyl Hexapeptide-8, Sodium Hyaluronate.

Exosome Mask

30ml

 DESCRIPTION

Veil-style mask with firming, anti-ageing and moisturising effects. Combines anti-ageing exosomes and active ingredients that enhance rejuvenation.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

All skin types, especially those with signs of ageing.

 ACTIVE INGREDIENTS

Exosomes, Watermelon extract, Grapefruit extract, Epidermal growth factors.

Body

Advanced Body Slim Cream

200ml

DESCRIPTION

The triple-action body cream composed of plant actives to unblock the localised accumulation of lipids and toxins, while firming and toning the skin.

 **TREATMENT AREA**
Body.

 **RECOMMENDED FOR**
Favours drainage and microcirculation.

ACTIVE INGREDIENTS

Caffeine, Fucus Vesiculosus Extract (Bladderwrack Extract), Centella Asiatica Extract, Equisetum Arvense Extract (Horsetail Extract), Hedera Helix Leaf Extract, Ruscus Aculeatus Root Extract, Carnitine, Escin, Tripeptide-1.

Advanced Body Slim Thermogenic Cream

200ml

DESCRIPTION

Thermogenic body cream with dual vasal and lipolytic action formulated with Microalgae, Pure Caffeine, Fucus and Escin. Ideal for treating imperfections caused by fat and localised cellulite.

 **TREATMENT AREA**
Body.

 **RECOMMENDED FOR**
Reduces and prevents the formation of cellulite.

ACTIVE INGREDIENTS

Menthol, Menthyl Lactate, Caffeine, Fucus Vesiculosus Extract (Bladderwrack Extract), Centella Asiatica Extract, Equisetum Arvense Extract (Horsetail Extract), Hedera Helix Leaf Extract, Ruscus Aculeatus Root Extract, Carnitine, Tripeptide-1, Chondrus Crispus (Carrageenan) Extract.

Body

Body Lotion

500ml

 DESCRIPTION

SKINDERMA's highly moisturising Body Lotion, specially designed for medical aesthetics. Enriched with top quality ingredients such as Shea Butter, Aloe Vera and Hyaluronic Acid, it provides deep hydration and revitalises the skin. Experience supple, radiant skin that absorbs quickly for a pampering sensation.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Dry skin. All skin types.

 ACTIVE INGREDIENTS

Aloe Barbadensis Leaf Juice, Propylene Glycol, Diazolidinyl Urea, Sodium Benzoate, Potassium Sorbate.

Collagen Cream

200ml

 DESCRIPTION

The repairing and moisturising effects of the active ingredients increase skin firmness and the synthesis of collagen and elastin. Your skin will feel soft and velvety after using this cream.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Stretch marks, sagging.

 ACTIVE INGREDIENTS

Hydrolyzed Collagen, Fucus Vesiculosus Extract (Bladderwrack Extract), Centella Asiatica Extract, Equisetum Arvense Extract (Horsetail Extract), Hedera Helix Leaf Extract (Ivy Leaf Extract), Nelumbo Nucifera Leaf Extract (Lotus Leaf Extract), Tripeptide-1, Chondrus Crispus (Carrageenan) Extract

Body

Lipolytic Cream

200ml

 DESCRIPTION

It contains components that help eliminate regional fat, while favouring cellular metabolism and blood circulation, which enhances the elimination of pollutants.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Cellulite, localised fat.

 ACTIVE INGREDIENTS

Phosphatidylcholine, Equisetum Arvense Extract, Aesculus Hippocastanum Extract, Caffeine, L-Carnitine.

Massage Cream

200ml

 DESCRIPTION

Powerful formula used to treat muscle contractures, sprains, strains, arthritis, joint problems, back discomfort and hernias. Increases blood circulation while relaxing the neurological system.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Therapeutic massages, muscle pain and tension, muscle warming.

 ACTIVE INGREDIENTS

Tilia Vulgaris Flower Extract, Calendula Officinalis Extract, Hypericum Perforatum Extract, Arnica Montana Flower, Cucumis.

Body

Massage Oil

500ml

 DESCRIPTION

Massage oil activates the lymphatic system, making the skin smoother and improving tissue oxygenation. It's an ideal blend that offers draining effects and stimulates the metabolism of skin cells. It also moisturises the skin, leaving it radiant and nourished, with a pleasant, healthy appearance.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Moisturiser, Lymph Activator, Antioxidant, Improves Circulation.

 ACTIVE INGREDIENTS

Paraffinum Liquidum, Isopropyl Myristate.

Topical Ampoules

Antianging Flash

2ml

DESCRIPTION

Antianging Flash ampoules - Anti-fatigue, anti-ageing and anti-wrinkle solution with an immediate lifting effect, suitable for expression wrinkles and facial lines. Its ingredients improve the smoothness, freshness and radiance of the skin. This solution keeps the skin well moisturised and achieves an immediate brightening effect.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Aging skin, mature skin, facial massage.

ACTIVE INGREDIENTS

Ascorbic acid, Ascorbyl Palmitate, Hydrolyzed Elastin, Soluble Collagen, Mimosa Tenuiflora Leaf Extract.

Glycolic Vit. E+F

2ml

DESCRIPTION

Topical ampoules containing Glycolic Acid are fortified with Vitamin E and Vitamin F. They facilitate the elimination of lifeless skin cells, revitalising the skin and providing nourishing components that protect it against external environmental stress. This product effectively targets the reduction of expression lines in the facial area, increasing skin elasticity and improving hydration levels.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Damaged skin. All skin types.

ACTIVE INGREDIENTS

Glycolic Acid, Tocopheryl Acetate, Glyceryl Linoleate.

Topical Ampoules

Proteoglycans

2ml

DESCRIPTION

Proteoglycans act as a glycosaminoglycan depolymeriser. They have a strong enzymatic activity and act as ingredient diffusers. It acts directly to reduce adiposity and eradicate water retention. It acts on the connective tissue in a reconstructed way and rebalances the skin affected by hydrolipodystrophy.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acne, aging skin, dry skin.

ACTIVE INGREDIENTS

Glycosaminoglycans, Glycerin.

Salicylic Exfoliator

5ml/100ml

DESCRIPTION

Salicylic Exfoliator combines the benefits of Salicylic Acid, a keratolytic beta hydroxy acid (BHA), with the benefits of Azelaic Acid, a dicarboxylic acid (DCA). The combination of these two substances revitalises the skin and prepares it to accept any type of cosmetic product.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature and damaged skin.

ACTIVE INGREDIENTS

Salicylic Acid, Azelaic Acid, Allantoin.

Ampoules

Argireline

2ml

 DESCRIPTION

Argireline ampoules are an effective anti-wrinkle treatment that prevents and softens expression lines. It gives the skin a natural botox effect.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Anti-wrinkle, expression lines, natural botox effect.

 ACTIVE INGREDIENTS

Acetyl Hexapeptide-8, Pentapeptide-18

Asian Centella

5ml

 DESCRIPTION

Professional solution with Centella asiatica, it improves blood circulation (especially in areas affected by cellulite), strengthens the skin and stimulates connective tissue. It is indicated for cellulite, skin rejuvenation, hair loss and stretch marks. It helps strengthen capillaries and veins and contributes to better blood circulation.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Cellulite, wrinkles, stretch marks, acne scars, hair loss.

 ACTIVE INGREDIENTS

Asian Centella Extract

Ampoules

Biotin

2ml

 DESCRIPTION

The structure and appearance of the skin are generally improved, since biotin includes components that help stimulate cell repair. The skin's natural barrier is strengthened by accelerating lipid production, which has a strong anti-wrinkle effect. Biotin regulates sebum secretion, relieves the symptoms of dry skin, eczema and seborrhoeic dermatitis and also acts against hair loss.

 TREATMENT AREA

Body & Hair.

 RECOMMENDED FOR

Regulation of sebum production, oily skin, promotion of healthy growth of skin cells and tissues.

 ACTIVE INGREDIENTS

Biotin (Vitamin H or Vit.B7).

Caffeine

1ml

 DESCRIPTION

The components of the caffeine ampoules accelerate blood flow and favour the release of fats stored in adipocytes into the metabolism. -increasing body utilisation. The toning abilities of this remedy help minimise the appearance of cellulite and result in localised weight reduction.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Cellulite, remodelling.

 ACTIVE INGREDIENTS

Caffeine.

Ampoules

DMAE

2ml

 DESCRIPTION

DMAE ampoules make sagging skin look better. DMAE has a lifting effect on the face or body, renewing and toning the skin. It also moisturises the skin, protecting it from free radicals. It is used to prevent skin ageing and sagging and favours the formation of collagen and elastin.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Wrinkles, anti-ageing, dry skin,

 ACTIVE INGREDIENTS

Dimethylaminoethanol tartrate

Glutathione

5ml

 DESCRIPTION

Glutathione plays a vital role as an antioxidant in our bodies, protecting against the harmful effects of free radicals and strengthening the immune system. With its profound ability to inhibit melanin synthesis, it plays a central role in melasma and depigmentation treatments, making it an indispensable component of these therapies.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Hyperpigmentation disorders.

 ACTIVE INGREDIENTS

Glutathione.

Ampoules

Ginkgo Biloba

2ml

 DESCRIPTION

The natural components of Ginkgo Biloba ampoules increase blood circulation by dilating the small capillaries and strengthening the walls of the blood vessels. This dual effect favours regional lipolysis while treating cellulite. Ginkgo Biloba is useful in anti-ageing and hair loss therapies, as well as for reducing dark circles under the eyes.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Aging skin, hair loss, dark circles.

 ACTIVE INGREDIENTS

Ginkgo Biloba Leaf.

Hyaluronidase

5ml

 DESCRIPTION

Hyaluronidase acts as a powerful depolymeriser of glycosaminoglycans, exhibiting remarkable enzymatic activity. This multifunctional agent acts as an effective diffuser, facilitating the dispersion of other ingredients. It directly targets the elimination of water retention and reduces adiposity.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Fat disorders.

 ACTIVE INGREDIENTS

Hyaluronidase.

Ampoules

Laureth-9

2ml

 DESCRIPTION

The active components in Laureth-9 ampoules help retain water through the stratum corneum, moisturising the lipid layer and the epidermis. It plays a vital role in improving the appearance of varicose veins. It is an effective therapy against sclerosis, vascular spiders and couperose.

 TREATMENT AREA

Body.

 RECOMMENDED FOR

Sclerosis, spider veins, couperose, stretch

 ACTIVE INGREDIENTS

Laureth - 9.

L-Carnitine

5ml

 DESCRIPTION

The components of L-Carnitine ampoules are important for fat metabolism and have been shown to help prevent cellulite and lose weight. They help burn and eliminate fat, as well as toning muscle mass.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Weight control, fat burning, cellulite.

 ACTIVE INGREDIENTS

Carnitine.

Ampoules

Natural Artichoke

5ml

 DESCRIPTION

The components present in natural artichoke are used to treat cellulite and localised fat and have a diuretic and cleansing effect. This extract helps to stimulate the lymphatic drainage system.

 TREATMENT AREA

Face and Hair.

 RECOMMENDED FOR

Cellulite, localised fat, lymphatic drainage.

 ACTIVE INGREDIENTS

Cynara scolymus.

Oligoelements

5ml

 DESCRIPTION

Trace elements are necessary for the healthy functioning of the skin and have important qualities for maintaining a youthful appearance. Trace element ampoules include substances that control and rebalance the condition of the skin. They are used as aids in the treatment of cellulite, localised fat, flaccidity, skin ageing and lesions.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Anti-ageing, mineral supplement.

 ACTIVE INGREDIENTS

Cobalt Gluconate, Zinc Gluconate, Nickel Gluconate.

Ampoules

Organic Silicium

5ml

 DESCRIPTION

Organic Silicon ampoules include substances that smooth and tone the skin, slowing down the ageing process. This solution strengthens, stretches and elongates the collagen and elastin in connective tissues. It moisturises and regenerates cells, providing firmness and tone.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Regenerating, ageing skin, stretch marks.

 ACTIVE INGREDIENTS

Methylsilanol Mannuronate.

Panthenol

5ml

 DESCRIPTION

Panthenol ampoules provide a moisturising effect, increasing moisture levels in the stratum corneum, reducing transepidermal water loss and preserving the skin's natural softness and elasticity.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Moisturising, hair nourishment, anti-inflammatory, soothing.

 ACTIVE INGREDIENTS

Pantenol.

Ampoules

Phosphatidylcholine

5ml

 DESCRIPTION

Phosphatidylcholine is used to treat weight and the accumulation of localised fat. Phosphatidylcholine ampoules contain chemical substances that break down fat stored in adipocytes and remould the body's contour.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Localised fat, lipolysis.

 ACTIVE INGREDIENTS

Phosphatidylcholine.

Regenerative Collagen

2ml

 DESCRIPTION

Collagen production and fibroblast activity are boosted by the regenerating qualities of the components in Regenerative Collagen Solution ampoules. This therapy is recommended for sagging skin, hair loss, stretch marks and anti-ageing.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Aging skin, stretch marks and scars, sagging skin.

 ACTIVE INGREDIENTS

Pyruvic acid.

Ampoules

Serum Solution

5ml

 DESCRIPTION

The serum solution, made up of distilled water and sodium chloride, acts as a powerful astringent and antiseptic. Its dual action includes removing dead skin cells and degreasing the skin, making it a go-to cleansing solution in the medical field.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Antiseptic, Purifying agent, Gentle exfoliation, Oily skin, Softens the skin.

 ACTIVE INGREDIENTS

Sodium Chloride.

Sodium DNA

5ml

 DESCRIPTION

Its active component, with antioxidant and moisturising properties, protects cell membranes from oxidative degradation. It stimulates the renewal of dead cells and the restoration of connective tissue. Protects collagen from damage caused by sun exposure and oxidative stress.

 TREATMENT AREA

Face and neck.

 RECOMMENDED FOR

Stretch marks and scars, wrinkles, anti-ageing, dry skin, smokers' skin, hair loss.

 ACTIVE INGREDIENTS

Sodium DNA.

Ampoules

Vitamin A

2ml

DESCRIPTION

The components in Vit A ampoules increase the skin's hydration and elasticity and act as a dermal antioxidant, eliminating free radicals that cause tissue and cell damage.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acne, ageing skin, stretch marks.

ACTIVE INGREDIENTS

Retinyl Palmitate.

Vitamin C

2ml/5ml

DESCRIPTION

Vitamin C ampoules include a rejuvenating and antioxidant solution that neutralises free radicals, suppresses the development of melanin, stimulates collagen synthesis and improves skin elasticity.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Wrinkles, anti-ageing, hyperpigmentation, sun spots, photoageing.

ACTIVE INGREDIENTS

Ascorbic Acid.

Ampoules

Vitamin B Complex

5ml

DESCRIPTION

As a comprehensive vitamin complex infused with Vitamin B1, B3, B6, B9 and B12, the Vitamin B complex promotes skin regeneration by stimulating the formation of new cells, effectively diminishing the appearance of ageing indicators and eradicating imperfections.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acts as a skin repairer, stimulant and antioxidant. For damaged skin and hyperpigmentation disorders.

ACTIVE INGREDIENTS

Vit. B1, Vit. B2, Vit. B3 (Niacinamide), Vit. B6, Vit. B9 (folic acid); Vit. B12.

Act. Principles Line

Deoxycholic

10ml

 DESCRIPTION

Deoxycholic helps with the digestion and absorption of fats. When applied to fat, it destroys fat cells and they stop storing or accumulating fat. It is recommended for use under the chin to reduce localised fat.

 TREATMENT AREA

Face and body.

 RECOMMENDED FOR

Localised fat, double chin, lipolysis.

 ACTIVE INGREDIENTS

Sodium Deoxycholate

Glutathione

10ml/1500UI

 DESCRIPTION

In our body, glutathione functions as a key antioxidant, protecting cells from damage caused by free radicals and improving the immune system. Due to its ability to prevent melanin formation, it is a crucial part of melasma and depigmentation therapy.

 TREATMENT AREA

Face and body.

 RECOMMENDED FOR

Melasma, hyperpigmentation, photoageing, spots and pimples.

 ACTIVE INGREDIENTS

Glutathione.

Act. Principles Line

Hyaluronic acid 1%| 2%| 3,5%

5ml

 DESCRIPTION

Hyaluronic acid helps treat wrinkles and expression lines by effectively replenishing and maintaining the skin's moisture levels. It gives the skin more elasticity and has a healing effect that restructures damaged tissues. It slows down the natural ageing process by increasing fibroblast activity and collagen formation.

 TREATMENT AREA

Face.

 RECOMMENDED FOR

For dry and aging skin.

 ACTIVE INGREDIENTS

Sodium Hyaluronate..

Sodium DNA Gel

5ml

 DESCRIPTION

Its active component, with antioxidant and moisturising properties, protects cell membranes from oxidative degradation. It stimulates the renewal of dead cells and the restoration of connective tissue. Protects collagen from damage caused by sun exposure and oxidative stress.

 TREATMENT AREA

Face and body.

 RECOMMENDED FOR

Damaged and dry skin, skin imperfections.

 ACTIVE INGREDIENTS

Sodium DNA.

Act. Principles Line

Tranexamic

10ml/1500UI

 DESCRIPTION

A powerful solution that has been carefully developed to regulate the skin and minimise melanin formation. It is also a tyrosinase inhibitor, which reduces melanin formation and prevents the development of dark spots on the skin.

 TREATMENT AREA

Face and body.

 RECOMMENDED FOR

Luminosity, antimicrobial antioxidant, inhibition of melanin synthesis.

 ACTIVE INGREDIENTS

Tranexamic acid

Vitamin K

1500UI

 DESCRIPTION

Adjuvant in tissue rejuvenation and cell growth regulation. It can be used to treat various skin problems such as dark circles, spider veins and bruises (post-procedure).

 TREATMENT AREA

Face and body.

 RECOMMENDED FOR

All skin types; mature and damaged skin.

 ACTIVE INGREDIENTS

Menaquinone-7.

Enzymatic Line

Collagenase

10ml/1500UI

DESCRIPTION

Collagenase works by breaking down fibrous tissue, dissolving the collagen. This action is achieved by removing these solidified collagen fibres and breaking down fat cells, helping to relax the external tissue.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Moisturising, expression lines, ageing skin.

ACTIVE INGREDIENTS

Mannitol, R-Clostridium, Histolyticum, Collagenase G.

Hyaluronidase

10ml/1500UI

DESCRIPTION

The ingredients in liquid hyaluronidase act as diffusing agents to eliminate water retention and adipocytes. Improves connective tissue permeability and fluid absorption. Used to undo unwanted dermal fillers.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Fat reduction programmes.

ACTIVE INGREDIENTS

Hyaluronidase.

Enzymatic Line

Lipase

10ml/1500UI

DESCRIPTION

An enzyme that breaks down fat. It affects the metabolism of triglycerides, helping to dissolve stored localised fat. Lipase helps break down fat molecules into smaller molecules that are easier for the body to mobilise and subsequently release. It reduces volume without causing damage and minimises the likelihood of irritation and discomfort.

TREATMENT AREA

Body.

RECOMMENDED FOR

Fat and volume reduction.

ACTIVE INGREDIENTS

Lipase.

N-Zymes I

10ml/1500UI

DESCRIPTION

It has strong enzymatic activity and acts as an ingredient diffuser. It acts directly to reduce adiposity and eradicate water retention. It acts on the connective tissue in a reconstructed way and rebalances skin affected by hydrolipodystrophy.

TREATMENT AREA

Body.

RECOMMENDED FOR

Fat reduction, cellulite, skin tightening, fluid retention, fibrosis, eyelid swelling.

ACTIVE INGREDIENTS

Collagenase, Hyaluronidase, Lipase.

Enzymatic Line

N-Zymes II

10ml/1500UI

DESCRIPTION

N-Zymes II is a special formulation that combines active ingredients such as Coenzyme Q10 and Protease to promote skin firmness, minimise wrinkles and regenerate skin tissue. These components act synergistically to inhibit and reduce facial contractions with antioxidant capacity, thus reducing the appearance of new expression lines and wrinkles.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Aging, dry and damaged skin.

ACTIVE INGREDIENTS

CoEnzyme q10 + Protease.

N-Zymes III

10ml/1500UI

DESCRIPTION

The active ingredients in N-Zymes III (Lignin Peroxidase + Glutathione) make up a powerful formulation recommended for treating skin problems, especially hyperpigmentation disorders such as age spots and melasma. It stimulates cell regeneration, fights free radicals, improves skin texture and reduces the visibility of spots, resulting in a brighter, more radiant skin appearance.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Hyperpigmentation, dark spots, melasma, acne scars.

ACTIVE INGREDIENTS

Lignin Peroxidase + Glutathione + Tranexamic Acid.

Enzymatic Line

N-Zymes IV

10ml/1500UI

DESCRIPTION

N-Zymes IV is a revolutionary product that contains a powerful combination of antioxidant enzymes. These enzymes play a key role in dermatological aesthetics, as they neutralise free radicals, thus combating premature skin ageing.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Neutralises free radicals, prevents skin ageing, reduces wrinkles and expression lines, soothes irritated and damaged skin.

ACTIVE INGREDIENTS

Cu/Zn-SOD (Copper/Zinc Superoxide Dismutase), Mn-SOD (Manganese Superoxide Dismutase), EC-SOD (Extracellular Superoxide Dismutase).

Protease

10ml/1500UI

DESCRIPTION

A utilização profissional de Protease aumenta a renovação celular e, por conseguinte, a regeneração da pele, melhora o relevo da pele e, em particular, as rugas.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

All skin types.

ACTIVE INGREDIENTS

Protease.

Combo Solution

Adipolift +

10ml

DESCRIPTION

The innovative approach differs significantly from traditional fat loss methods such as liposuction, providing an efficient and minimally invasive option. Unlike surgical procedures that require long recovery periods and often present greater risks of complications, Adipolift+ offers a safer and more comfortable solution.

TREATMENT AREA

Body.

RECOMMENDED FOR

Lipolytic action, fat and volume reduction, lymphatic and metabolism activator.

ACTIVE INGREDIENTS

Riboflavin (vitamin b2), Lecithin, Bromelain.

Antiaging

10ml

DESCRIPTION

The combined anti-ageing solution contains active ingredients that promote collagen production, minimise wrinkles, moisturise, firm the skin and rejuvenate the tissues. They inhibit and minimise facial contractions with antioxidant capabilities, reducing the appearance of new expression lines and wrinkles.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Expression lines, eye contour, saggy fine lines, wrinkles.

ACTIVE INGREDIENTS

Pantenol, DMAE, Organic Silicium, Asian Centella, Sodium Hyaluronate

Combo Solution

BTX Complex

10ml

DESCRIPTION

Its formula promotes the regeneration of collagen fibres, increasing density and tension. It is an effective treatment for lifting the skin and is recommended for treating medium and deep wrinkles, expression lines and damaged skin.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Damaged skin with sagging; medium/-deep wrinkles.

ACTIVE INGREDIENTS

Dimethyl Mea, Acetyl Hexapeptide-8 (Argireline), Acetyl Hexapeptide-30.

Cellulite

10ml

DESCRIPTION

Anti Cellulite Combo Solution is a powerful combination of ingredients to treat spongy and oedematous cellulite and to help shape the silhouette. Thanks to its composition, this cocktail solution is ideal for remodelling areas affected by fatty cellulite.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Cellulite, weight loss programmes, skin firming, fluid retention.

ACTIVE INGREDIENTS

L-Carnitine, Caffeine, Glucosamine, Methylsilanol Mannuronate, Centella Asiatica Extract.

Combo Solution

Eye Countour

10ml

DESCRIPTION

SKINDERMA's Combined Eye Contour Solution contains potent active ingredients specially designed to improve firmness, increase hydration and diminish wrinkles in the delicate eye area. It is the ideal choice for optimising the results of collagen induction therapy using microneedling.

TREATMENT AREA

Around the eyes.

RECOMMENDED FOR

Dark circles, eye contour, puffiness, skin firmness.

ACTIVE INGREDIENTS

Acetyl Hexapeptide-8, Dimethylaminoethanol Tartrate, Sodium Pyruvate, Panthenol.

Hair Booster

10ml

DESCRIPTION

The Hair Booster combined solution is presented as an agent that increases the vascularization of hair follicles through its direct vasodilatory action and prolongs the anagen phase of the hair cycle.

TREATMENT AREA

Hair.

RECOMMENDED FOR

Hair loss, androgenetic alopecia. It can be used on men and women.

ACTIVE INGREDIENTS

Panthenol, Biotin, Methylsilanol Mannuronate, Hydrolyzed Collagen, Glutathione.

Combo Solution

H-AURA 0.55

10ml

DESCRIPTION

H-Aura 0.55 is a potent Skin Booster that provides a specialized blend of vitamins, amino acids, antioxidants and hydrating hyaluronic acid to rejuvenate the skin.

It is a sterile and potent cocktail of nutrients, suitable for professional aesthetic procedures, which is applied with precision to areas of the skin that require revitalization. deeply the complexion.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Mature and damaged skin, increased elasticity, pore reduction and hydration.

ACTIVE INGREDIENTS

Peptides (4 peptides), Aminoacids (11 aminoacids), Sodium Hyaluronate, Tocopherol, Ascorbic Acid.

Hyaluronic acid & DMAE

10ml

DESCRIPTION

Effective solution with active components that promote the formation of collagen and elastin, enhancing skin rejuvenation and helping to reduce blemishes and hyperpigmentation, fine lines, wrinkles, scars and other symptoms of aging. The solution eliminates dead cells, increasing cell renewal and providing beautiful, revitalized skin.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Acne, aging skin, dry skin.

ACTIVE INGREDIENTS

- Dimethylaminoethanol Tartrate, Sodium Hyaluronate.

Combo Solution

Lipolytic

10ml

DESCRIPTION

This combined solution is especially indicated to assist in weight loss treatments. Its unique formula helps to reduce localized fat and effectively reshape body contours. With carefully selected ingredients, this product provides safe and effective results, promoting a positive experience for those who want to achieve their weight loss goals.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Fat disorders. Weight loss.

ACTIVE INGREDIENTS

Lecithin, Sodium Deoxycholate.

Multi Vitamins

10ml

DESCRIPTION

Effective solution with active components that promote the formation of collagen and elastin, enhancing skin rejuvenation and helping to reduce blemishes and hyperpigmentation, fine lines, wrinkles, scars and other symptoms of aging. The solution eliminates dead cells, increasing cell renewal and providing beautiful skin.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Acne, aging skin, dry skin.

ACTIVE INGREDIENTS

Ascorbic acid, Tocopherol, Retinyl Palmitate.

Combo Solution

PDRN+ HA 1% |2%

5ml

DESCRIPTION

The combination of PDRN and Hyaluronic Acid provides regenerative, reparative and anti-aging capabilities. Restores damage caused deep within the skin, increases elasticity and stimulates the synthesis of collagen and elastin.

TREATMENT AREA

Face & neck.

RECOMMENDED FOR

Anti-aging treatments, Damaged and dry skin, Skin imperfections.

ACTIVE INGREDIENTS

PDRN (Polydeoxyribonucleotide), Sodium Hyaluronate.

Restructuring

10ml

DESCRIPTION

Designed as an intensive revitalizing and moisturizing solution, the Restructuring Combo Solution is tailored to tired and damaged skin. Enriched with powerful active ingredients, it provides elasticity and effectively combats wrinkles, sagging and expression lines, providing a comprehensive treatment for these problems.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Damaged and aged skin.

ACTIVE INGREDIENTS

Dimethylaminoethanol Tartrate, DNA, Cyanocobalamin, Retinol, Tocopherol, Sodium hyaluronate.

Combo Solution

SKD Melano

10ml

DESCRIPTION

The active components of the SKD Melano combined solution provide a powerful antioxidant blend that is suggested to reduce skin problems, including hyperpigmentation.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Hyperpigmentation, dark spots, melasma acne scars.

ACTIVE INGREDIENTS

Tranexamic Acid, Vit. B3, Ascorbic Acid.

Whitening

10ml

DESCRIPTION

Pigmentation treatment is recommended with the Whitening combined solution. The active components reduce melanin synthesis and cause gentle exfoliation in the upper layers of the skin to remove pigmented cells. They promote cell regeneration, fight free radicals, improve skin smoothness and reduce the visibility of blemishes, giving the skin a more radiant appearance.

TREATMENT AREA

Face & body.

RECOMMENDED FOR

Hyperpigmentation, melasma, acne scars.

ACTIVE INGREDIENTS

Glutathione, Ascorbic acid, Pyruvic acid.

Peelings

Neutralizing Spray

200ml

DESCRIPTION

During the chemical peel process, the skin's pH temporarily changes from slightly acidic to very acidic. Because chemical peels damage your skin in a controlled way, it will produce a superficial wound designed to expose softer, smoother, more radiant skin. Our SPRAY NEUTRALIZER will control the depth of any peeling and prevent the formation of frost if it occurs.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Peeling treatment procedures.

ACTIVE INGREDIENTS

Sodium Hydroxide, Aloe Barbadensis Leaf Juice.

Moisturizing Mask

200ml/500ml

DESCRIPTION

Hydronutritious mask for the face, neck and décolleté that contains substances that improve the smoothness and elasticity of the skin, replenishing the hydrolipidic mantle and eliminating free radicals that cause premature aging. It also provides the hydration and nutrition necessary to keep the skin healthy and prevent premature oxidation. The moisturizing cream conveys a feeling of freshness and well-being.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Hydration; Normal/dry skin.

ACTIVE INGREDIENTS

Glycerin, Hamamelis Virginiana Leaf Extract, Arginine, Sodium Laureth Sulfate, Zinc Carbonate.

Peelings

Antiaging

100ml

DESCRIPTION

SKINDERMA presents its innovative Anti-Aging Peel, an innovative fusion of Pyruvic Acid and Phytic Acid, expertly formulated to combat and reverse the visible signs of aging. Taking advantage of its powerful antioxidant properties, this dynamic blend provides a revitalizing effect on the skin, contributing to a more youthful and radiant complexion.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature and damaged skin.

ACTIVE INGREDIENTS

Phytic Acid and Pyruvic Acid.

Azelaic

100ml

DESCRIPTION

The active ingredients of Azelaic Acid include bacteriostatic qualities and inhibit the production of tyrosinase, reducing the formation of melanin. It was developed for the treatment of acne and skin hyperpigmentation. It is a good sebum regulator and provides visible results in the treatment of rosacea, psoriasis and other inflamed skin problems.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acne, hyperpigmentation, rosacea.

ACTIVE INGREDIENTS

Azelaic Acid 25%

Peelings

Degreasing Solution

100ml

DESCRIPTION

The Degreasing Solution is a formula developed to offer the best skin preparation for a peeling treatment. Its application cleans in depth, eliminating impurities from the most superficial layer of the skin and eliminating the normal sebum it produces.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Oily, flaking skin.

ACTIVE INGREDIENTS

Isopropyl alcohol, Acetone

Glutathione

100ml

DESCRIPTION

It is an efficient and powerful antioxidant that is proficient and very effective in whitening and hyperpigmentation treatments. It can be used on both the face and darker areas of the body. Gives skin a beautiful glow, redefining pores and correcting hyperpigmentation.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Hyperpigmentation, skin damaged by high sun exposure, antioxidant.

ACTIVE INGREDIENTS

Glutathione.

Peelings

Glycolic

100ml

DESCRIPTION

It is used to treat wrinkles, photoaging, skin blemishes, acne and scars. The active components of glycolic acid exfoliate dead cells from the skin's surface, promoting cell regeneration. Gives the skin a youthful, smooth and homogeneous appearance.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acne scars, deep wrinkles, photoaging.

ACTIVE INGREDIENTS

Glycolic Acid 30%.

Intimate Peel

10ml

DESCRIPTION

Depigmenting formulation developed to promote non-invasive whitening of the intimate area of the body, through a nourishing and gentle action.

TREATMENT AREA

Body and intimate areas.

RECOMMENDED FOR

Skin diseases with hyperpigmentation

ACTIVE INGREDIENTS

Mandelic Acid, Glutathione.

Peelings

Jessner

100ml

DESCRIPTION

The Jessner Peel is a highly suitable choice to effectively treat acne and wrinkles in medical aesthetics. Infused with potent antioxidant properties, this peel provides a brightening and brightening effect on the skin, making it an exceptional peel therapy for managing hyperpigmentation issues.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Damaged and aged skin.

ACTIVE INGREDIENTS

Resorcinol.

KojiGlow 35

10 ml

DESCRIPTION

It has a powerful whitening and depigmenting action, blocking the synthesis of melanin, preventing its production and exerting a luminous effect on the skin. It is very effective in treating the most delicate dermatological problems associated with hyperpigmentation.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature skin, Age Sports and Melasma.

ACTIVE INGREDIENTS

Kojic Acid, Alpha-Arbutin, Hydrogen Peroxide, Phosphoric Acid.

Peelings

Lactic

100ml

DESCRIPTION

Lactic acid is an alpha-hydroxy acid (AHA) that reduces surface cell cohesion and, therefore, inhibits the thickening of the stratum corneum. It helps regulate melanin synthesis and is useful in anti-aging therapies, promoting the formation of collagen and elastin.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Photoaging, wrinkles, skin lightening, sagging skin.

ACTIVE INGREDIENTS

Lactic acid 45%.

Lumin 25A

10ml

DESCRIPTION

It is an excellent gentle superficial peeling treatment that intervenes in the skin's tyrosinase enzyme, blocking the synthesis of melanin and thus allowing the epidermis to lose its pigmentation.

Some principles used in the formula act on the skin, accelerating its regeneration and removing dead cells from the surface of the epidermis.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Damaged skin, hyperpigmentation skin disorders and healing process.

ACTIVE INGREDIENTS

Alpha-Arbutin, Hydrogen Peroxide, Kojic Acid, Phosphoric Acid.

Peelings

Mandelic

100ml

DESCRIPTION

The active components of mandelic acid promote cell regeneration. It has a bacteriostatic action, which helps control blemished, oily and acne-prone skin. Suppresses melanin production and helps renew sun-damaged skin.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acne scars, photoaging, wrinkles, blemishes.

ACTIVE INGREDIENTS

Mandelic Acid 45%.

Pre-treatment Solution

100ml

DESCRIPTION

The Pre-Treatment Solution is a powerful pre-peel combination of Alcohol and Salicylic Acid, carefully formulated to provide optimal skin preparation before an intensive peel treatment. By reducing the skin's pH, this solution ensures complete and effective preparation for the treatment, guaranteeing superior results.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Deep skin cleansing, pre-peeling procedures, for professional use only.

ACTIVE INGREDIENTS

Denat Alcohol, Salicylic Acid.

Peelings

Revitalizer T35

100ml

DESCRIPTION

REVITALIZER T-35 PEROXIDE has a powerful firming action, which makes it highly effective in treating aging or mature skin problems. The results are notable from the first application, particularly in reducing the appearance of expression lines. Furthermore, it is recommended for the recovery of scars and for the treatment of stretch marks resulting from weight fluctuations.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature, damaged skin and stretch marks.

ACTIVE INGREDIENTS

Kojic Acid, Alpha-Arbutin, Hydrogen Peroxide, Phosphoric Acid.

Salicylic

100ml

DESCRIPTION

It is highly recommended for oily skin prone to acne, clogged follicles and wrinkle reduction. The active components of salicylic acid improve the appearance of blemished and aged skin. Exfoliates the skin and renews it, resulting in apparent skin renewal. It also has anti-acne and anti-aging qualities.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Clogged follicles, acne scars.

ACTIVE INGREDIENTS

Salicylic Acid 20%.

Peelings

Salicylic Exfoliator

100ml

DESCRIPTION

Salicylic Exfoliator combines the benefits of Salicylic Acid, a keratolytic beta hydroxy acid (BHA), with the benefits of Azelaic Acid, a dicarboxylic acid (DCA). The combination of these two substances revitalizes the skin and prepares it to accept any type of cosmetic product.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Mature, damaged skin and stretch marks.

ACTIVE INGREDIENTS

Salicylic Acid, Azelaic Acid, Allantoin.

Succinic

100ml

DESCRIPTION

Also called butanedioic acid, it occurs naturally in amber, but is also found in many plant juices, such as rhubarb or tomato. Succinic acid not only gently removes dead skin cells thanks to its gentle peeling effect, but is also suitable as an energy booster for cells.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Acne, Skin rejuvenation, Anti-inflammatory and Antimicrobial.

ACTIVE INGREDIENTS

Succinic Acid

Peelings

Tranexamic

100ml

DESCRIPTION

Tranexamic Peel is meticulously formulated to treat skin tone imbalances and modulate melanin production. As a robust tyrosinase inhibitor, it significantly reduces melanin synthesis, thus protecting against the appearance of unwanted dark spots on the skin.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Hyperpigmentation disorders.

ACTIVE INGREDIENTS

Tranexamic Acid 4%.

Whitening

100ml

DESCRIPTION

The Whitening Peel is a powerful combination of Arbutin, Citric Acid, Lactic Acid, Kojic Acid and Salicylic Acid. Its properties are particularly useful for depigmenting treatments. It is highly effective in reducing blemishes caused by sun exposure, pregnancy and acne.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

Hyperpigmentation treatments.

ACTIVE INGREDIENTS

Arbutin, Citric Acid, Lactic Acid.

Peelings

GlycolicO2

100ml

DESCRIPTION

Very effective peeling treatment that combines the benefits of Glycolic Acid (AHA) and Hydrogen Peroxide. It delivers gentle exfoliation with immediate recovery, promotes deep cellular renewal, and provides multiple targeted actions including anti-aging, sebum-regulating, depigmenting, and skin-brightening effects.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

oily or dry, aging, hyperpigmented, or acne-prone skin

ACTIVE INGREDIENTS

Glycolic acid, Hydrogen peroxide

MandelicO2

100ml

DESCRIPTION

A peeling treatment that combines the benefits of Mandelic Acid and Hydrogen Peroxide. It offers gentle exfoliation with immediate recovery, while acting as a regulator of both skin microbiota and sebum production. Additionally, it functions as a melanin inhibitor, providing skin-brightening and complexion-evening effects.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

oily or dry, aging, hyperpigmented, or acne-prone skin

ACTIVE INGREDIENTS

Mandelic acid, Hydrogen peroxide

Peelings

SuccinicO2

100ml

DESCRIPTION

A peeling treatment that combines the benefits of Succinic Acid (BHA) and Hydrogen Peroxide. It provides gentle exfoliation with immediate recovery, promotes medium-level cellular renewal, and helps maintain optimal skin hydration. Additionally, it delivers soothing and anti-inflammatory properties, while offering skin-brightening and complexion-enhancing effects.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

dry and/or dehydration-prone skin, mature or aging skin, inflamed skin, and reactive

ACTIVE INGREDIENTS

Succinic acid, Hydrogen peroxide

LacticO2

100ml

DESCRIPTION

A peeling treatment with powerful anti-aging and firming properties, designed to rapidly reduce fine lines and expression wrinkles. It effectively targets skin damaged by acne lesions and pigmentary disorders. This formulation delivers intensive exfoliation and regeneration, providing strong anti-aging action while also offering depigmenting and skin-brightening benefits for a more even, revitalized complexion.

TREATMENT AREA

Face and neck.

RECOMMENDED FOR

dry or oily skin presenting with hyperpigmentation

ACTIVE INGREDIENTS

Phosphoric acid, Hydrogen peroxide

Exosomes

Exo-Ageless

5x10ml

 DESCRIPTION

EXO-Ageless is a significant innovation in the anti-aging approach by using exosomes, small extracellular vesicles, as protagonists in its mechanism of action. Extracted from plant cells and Lactobacillus, these exosomes are microscopic vehicles that transport active ingredients directly to skin cells, triggering a series of regenerative and revitalizing processes.

 TREATMENT AREA

Face & neck.

 RECOMMENDED FOR

Mature skin, damaged and dry skin, deep skin wrinkles.

 ACTIVE INGREDIENTS

Lactobacillus Visicula Extracelular, Galactomyces Visicula Extracelular, Nicotiana Benthamiana Hexapeptídeo-40 Sh-Oligopeptídeo-1.

Exo-Ageless

30ml

 DESCRIPTION

EXO-Ageless é uma inovação significativa na abordagem antienvelhecimento ao utilizar exossomos, pequenas vesículas extracelulares, como protagonistas em seu mecanismo de ação. Extraídos de células vegetais e de Lactobacillus, esses exossomos são veículos microscópicos que transportam princípios ativos diretamente para as células da pele, desencadeando uma série de processos regenerativos e revitalizantes.

 TREATMENT AREA

Face & neck.

 RECOMMENDED FOR

Mature skin, damaged and dry skin, deep skin wrinkles.

 ACTIVE INGREDIENTS

Lactobacillus Visicula Extracelular, Galactomyces Visicula Extracelular, Nicotiana Benthamiana Hexapeptídeo-40 Sh-Oligopeptídeo-1.

Exosomes

Exo-Hair

5x10ml

 DESCRIPTION

EXO-Hair é um avanço notável no mundo da medicina estética capilar. Desenvolvido para enfrentar desafios como a alopecia e promover um notável rejuvenescimento capilar, este produto incorpora uma sinergia única de exossomos e princípios ativos.

 TREATMENT AREA

Hair.

 RECOMMENDED FOR

Androgenic alopecia and hair loss.

 ACTIVE INGREDIENTS

Lactobacillus Visicula Extracelular, Galactomyces Visicula Extracelular, Biotinoil Tripeptídeo-1, Fosfolípeidos

Exo-Hair

30ml

SKINDERMA

SKD MELANO
PACK

Packs

SKD Melano Pack

DESCRIPTION

This exclusive set has been meticulously formulated to effectively combat pigmentation spots of melanic origin, which can appear on the face, neck and décolleté. By applying SKD Melano Pack, patients can expect not only a visible reduction in blemishes, but also an overall improvement in skin tone uniformity. The results achieved are remarkable, providing a more radiant and uniform appearance, all without the need for surgical interventions or concerns about unwanted side effects. This pack represents the perfect fusion between science and beauty, offering an effective and safe solution for those looking for flawless, imperfection-free skin.

(1) Degreasing Solution, (1) Pre-treatment Solution, (1) SKD Melano Mask, (1) SKD Melano Cream, (1) Moisturizing Cream

 **TREATMENT AREA**
Face & neck.

 **RECOMMENDED FOR**
Melasma and Hyperpigmentation.

Packs

Essential Line

Hyal Pack

DESCRIPTION

É um pack de rejuvenescimento com formulação complexa de ácido hialurónico, que estimula a produção de colagénio. Hidrata a pele e melhora a sua função de barreira, melhora o tamanho e o número de papilas dérmicas, favorece a descamação e ajuda o microbioma da pele.

(1) Hyal-4 Cream, (1) Hyal-4 Serum, (1) Massajador facial.

 **TREATMENT AREA**
Face & neck.

 **RECOMMENDED FOR**
Damaged and Mature skin.

Packs

Gold Pack

Essential Line

DESCRIPTION

The GOLDEN treatment was created with the idea of achieving the benefits of effective skin exfoliation in a single session, while applying active ingredients carried by colloidal gold to achieve a natural and long-lasting glow. It cleanses, exfoliates and renews the skin thanks to the application of a chemical peel, tightens and plumps the skin thanks to the crackle mask combined with GOLD, has an antioxidant effect thanks to the vitamin-enriched active ingredient, and enhances luminosity thanks to the natural light-reflecting properties of MICRONISED COLLOIDAL GOLD. It hydrates and nourishes through the application of specific active ingredients in the form of a massage and a CRACKLED GOLD mask.

10 vials of GOLD POWDER 5 g, 10 vials of ACTIGOLD 5 ml, 10 ampoules of Proteoglycans 2 ml, 1 mixing bowl, 1 brush/spatula

 **TREATMENT AREA**
Face & neck.

 **RECOMMENDED FOR**
All skin types, especially devitalised skin in need of radiance and luminosity.

Packs

Essential Line

Cure Pack

DESCRIPTION

A new concept in total skin repair treatment for after sun exposure. A unique and exceptional 60-minute protocol that deeply cleanses the skin, repairing it, unifying it and freeing it from the damage caused by sun exposure. This innovative protocol is based on exfoliation and detoxification of the skin through the application of an antioxidant chemical peel that regenerates the skin and provides it with essential vitamins to make it look brighter, finishing with a cracking mask that offers an unparalleled sensation.

10 CoQ10 ampoules x 2 ml, 10 SKIN POWDER vials x 5 g, 10 ASTACTIVE vials x 5 ml, 1 brush-spatula, 1 mixing bowl

 **TREATMENT AREA**
Face & neck.

 **RECOMMENDED FOR**
All skin types, especially dry skin and skin that has been damaged by external agents such as the sun.
